

# CASE PROCESSING ASSESSMENT

What to Expect

March 14, 2018

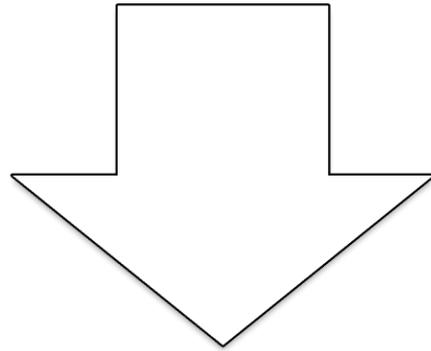

Supported by the John D. and Catherine T. MacArthur Foundation

# Poll Questions

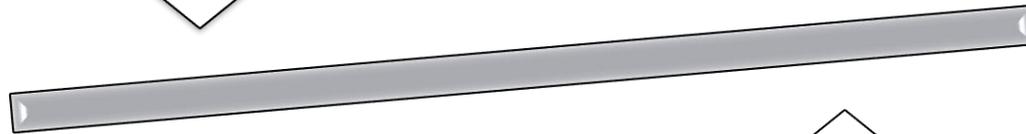

- Do you know, on average, how long it takes for a felony or a misdemeanor case to be disposed (from charging to sentencing) in your jurisdiction? Yes/No
- How effective do you think your jurisdiction is at disposing cases in a timely manner?
  - Very Effective
  - Somewhat Effective
  - Not Effective

# Why Do We Care about Case Processing?

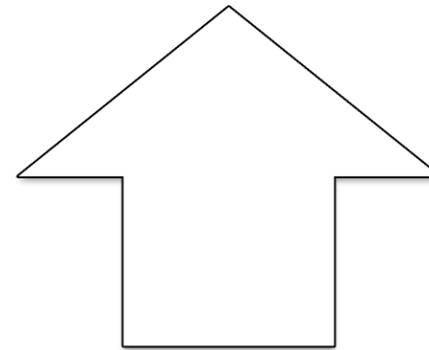

## Better Outcomes

- Reduced workload and churn
- Effective use of jail/sanctions
- Timeliness – eliminate delay

## Case Management

- Evidence-based decision-making
- Productive court settings
- Attorney preparation and readiness
- Earlier case resolution

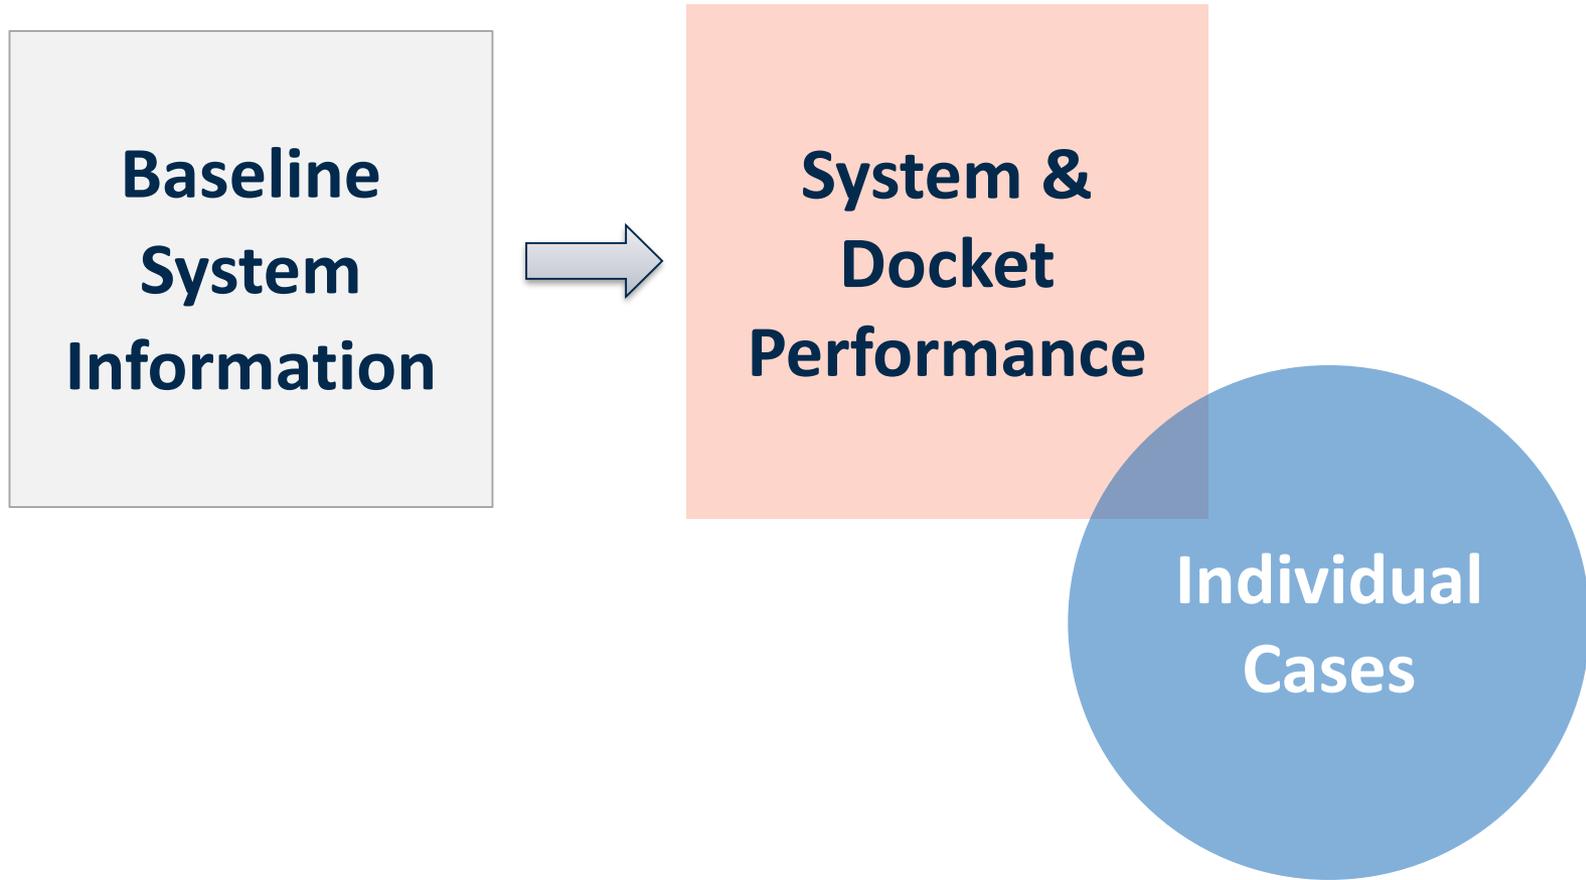

# Results

And for all this you get...

- Increased public trust and confidence
- Reduced crime and recidivism
- Improved system performance
- Less cost

# Overview of the Process

# Baseline System Information

- Filings and dispositions
- Clearance rate
- Active pending cases (inventory)
- Formal or de facto time standards
  - By time periods
  - By docket/case type
  - By judge (some courts)

# System & Docket Performance

- Clearance rate
  - Age of active pending cases
  - Time to disposition
  - Hearing and trial rates
  - Postponement rates
- 
- Inventory and analysis of current performance
  - Analysis of trends across times
  - External and internal factors impacting performance

# Individual Cases

- How old is this case? When does it go into backlog (considered delayed)?
- How many postponements/continuances have been granted?
- How long since the last hearing? Until the next hearing?
- How many hearings have been conducted?
- How many trials have been set without resolution?

# Interpretation

- Data issues
- Processing issues
- System issues
- Resource issues

# DATA ELEMENTS

# Units of Analysis

- Macro: Aggregate level data
- Micro: Individual level data

# Poll Questions

- Are aggregate level data from the courts in your jurisdiction available?
  - Yes, No, Don't Know
- How are cases counted in your jurisdiction?
  - By defendant (one record for all charges arising from a single incident)
  - By charge (each charge against an individual is counted)
  - Different parts of the system count differently
  - Don't know

# Aggregate Level Data Needed

- By Major Case Type
  - Annual number of cases filed
  - Annual number of cases disposed by disposition type
  - Annual number of active pending cases
  - Annual clearance rate
  - Annual time to disposition for 75%, 90%, and 98% of cases (average can be derived)
- Minimum 5 years of data

# Individual-level Data

- By defendant/unique case
  - Case status
  - Case type
  - Filing date
  - Disposition date
  - Disposition type
  - Case event type and date
  - Court/courtroom/judge/docket

# Individual-level Data (cont'd)

- Jail Data by Detainee/Inmate
  - Booking date
  - Release date
  - Jail admission status: pretrial, sentenced, violation

# Sample Data Record

| ID#   | FILEDATE  | STATUS | DISPDATE  | CASETYPE | #EVENTS | HEARING TYPE | HEARING DATE | CONTD | BOOKDATE  | RELEASEDATE |
|-------|-----------|--------|-----------|----------|---------|--------------|--------------|-------|-----------|-------------|
| 39857 | 2/15/2016 | DISP   | 12/1/2017 | F        | 8       | TRIAL        | 2/17/2016    |       | 2/15/2016 | 2/20/2016   |
| 67281 | 5/19/2017 | DISP   | 6/4/2017  | M        | 3       | 1STAPP       | 6/4/2017     |       | 5/19/2017 | 6/4/2017    |
| 38471 | 12/4/2016 | OPEN   |           | F        | 6       | PTH          |              | Y     |           |             |

# QUANTITATIVE ANALYSIS

# First Stage Analysis

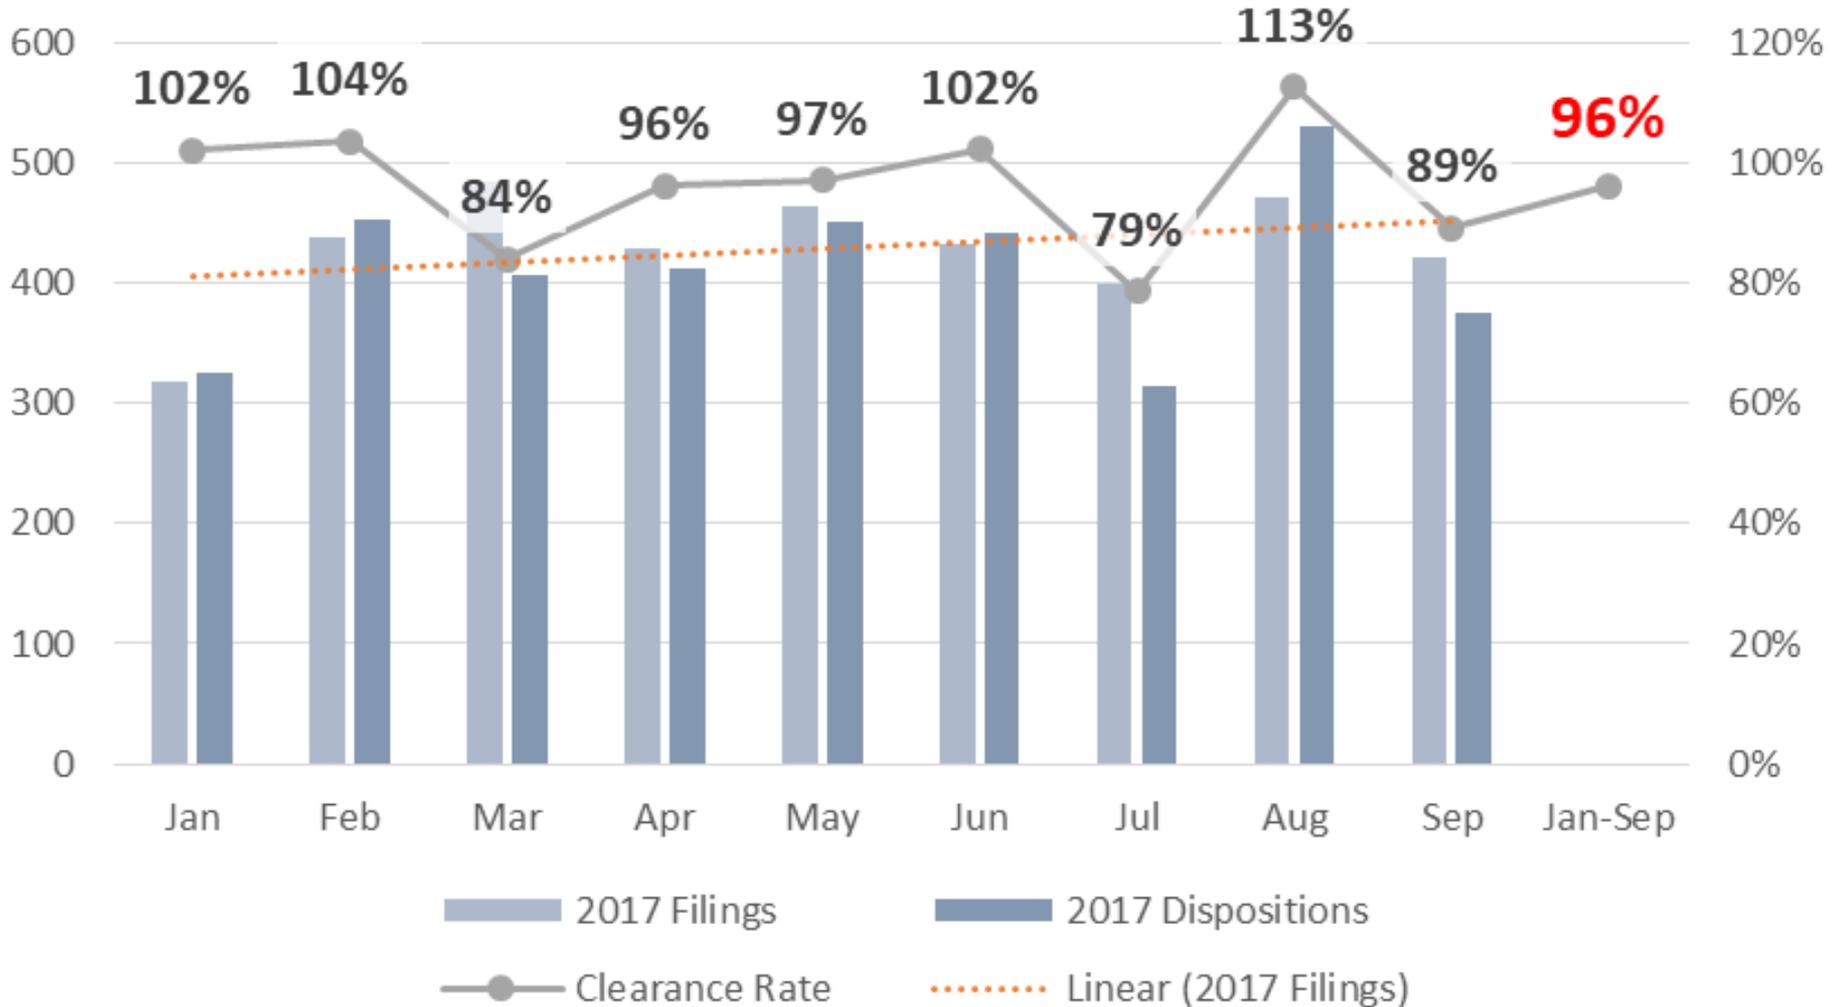

- **Baseline Determination**
  - Filings and disposition trends
  - Clearance rate trends
  - Active pending cases
  - Time standards

# First Stage Analysis

- Basic Questions to Be Answered
  - How are trends changing over time?
  - Does the jurisdiction have a time standard?
  - If so, is there a backlog of pending cases?
  - What is the average/longest time to disposition?
  - What is the average number of events/case?
  - What is the average number of continuances/case?
  - How many pending cases are there by age category?
  - What percentage of cases are disposed by age of case?

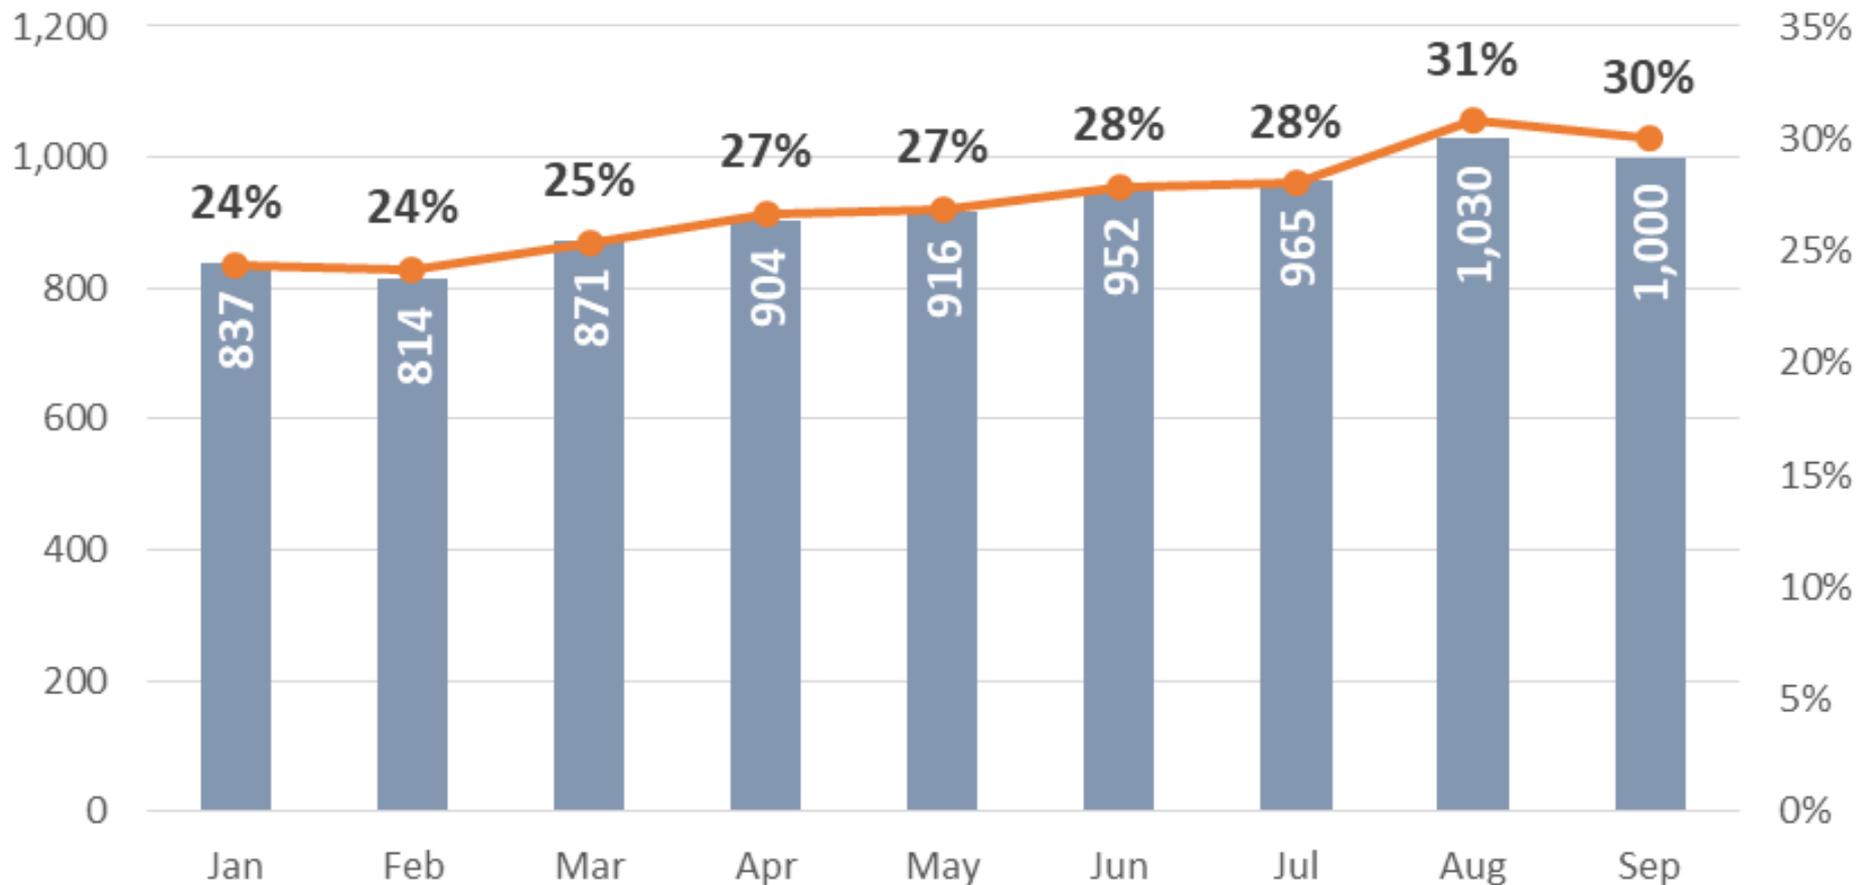

# Filings, Disposition, & Clearance

## 2017 Complex Felony Cases

# Backlog of Cases

2017 Complex Felony Backlog Cases

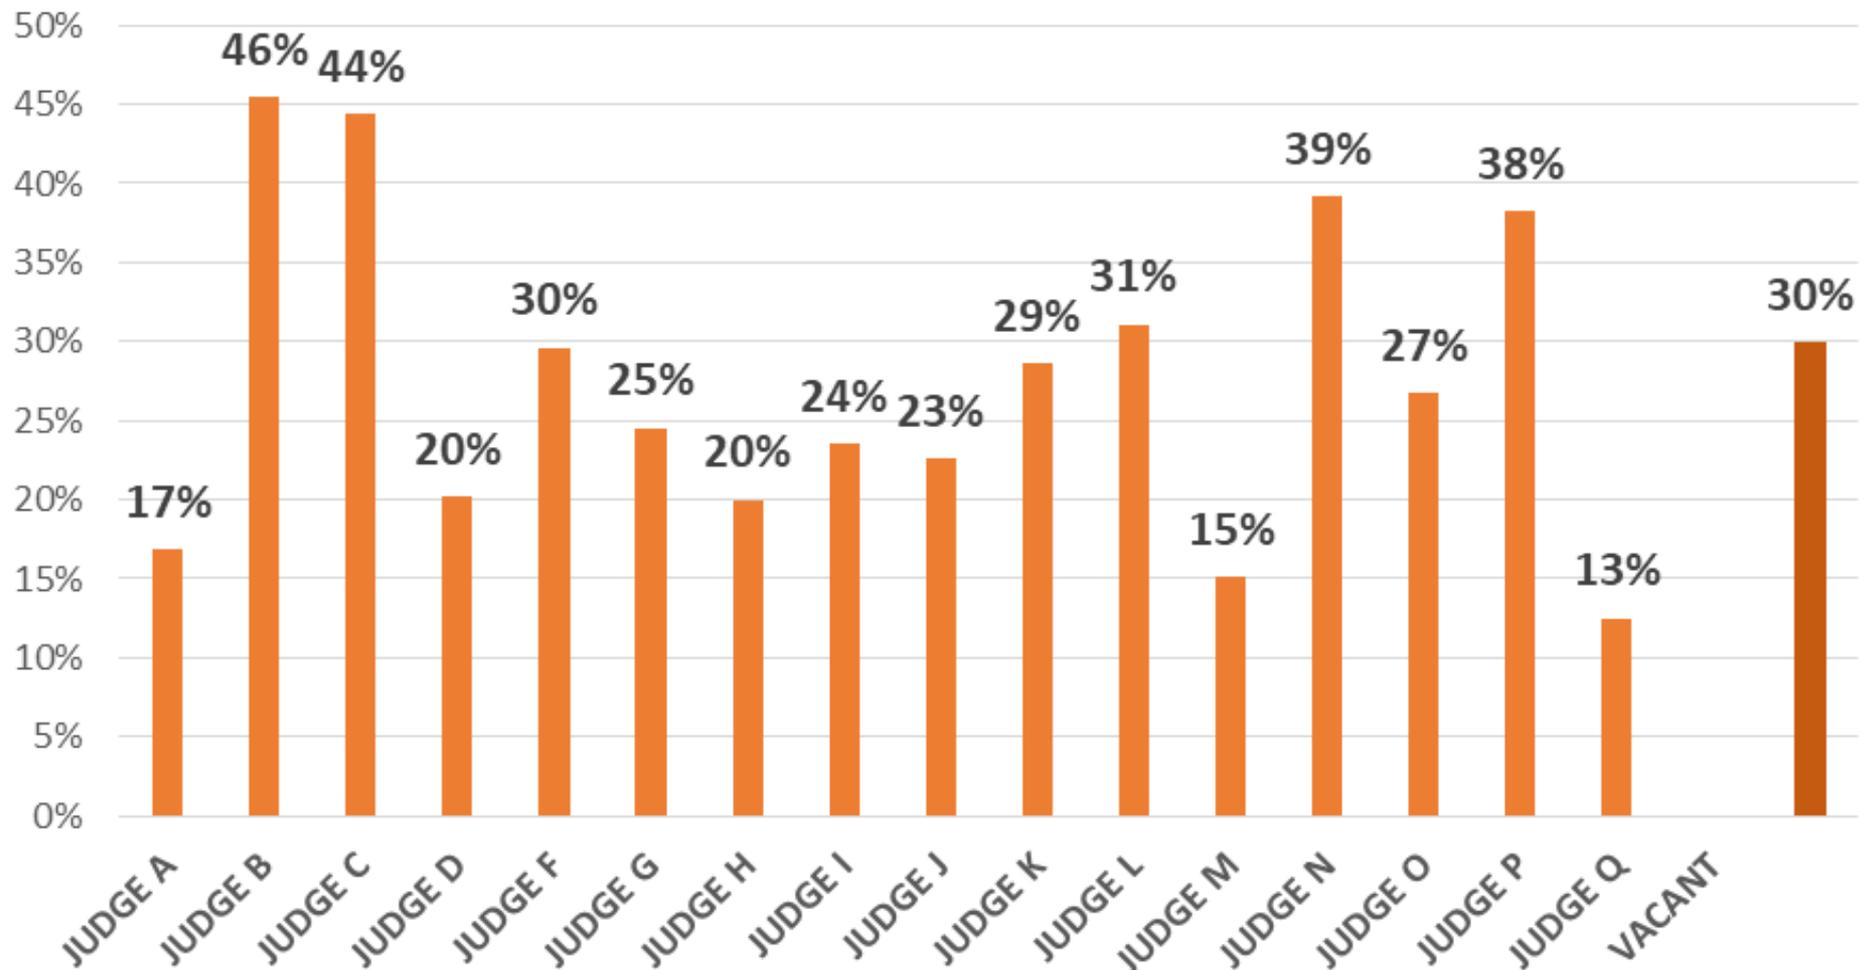

# Second Stage Analysis

- Variation based on key factors, such as:
  - Case type/track (simple, medium, complex)
  - Docket/courtroom
  - Judge
  - Custody status
- Questions to be answered:
  - Are there major differences?
  - What external or internal factors may be at play?

# Individual Analysis of Backlog

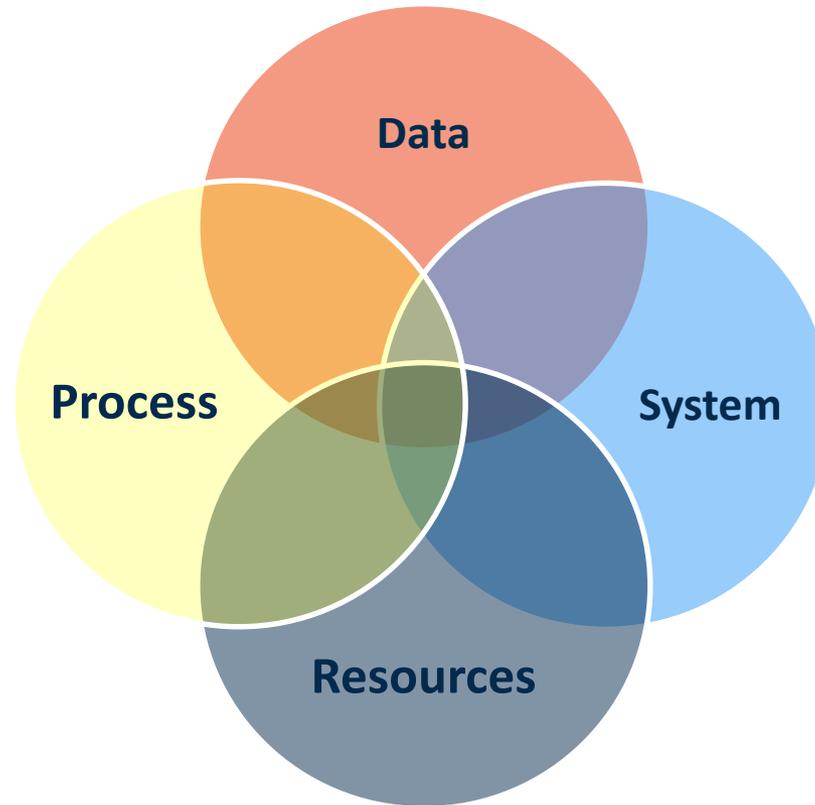

Sep 2017 % Backlog of Pending Cases

# INTERPRETATION

Common Issues & Challenges

# Issues for Consideration

# Data Issues & Challenges

- Differences in how things are counted
- “Docket cleaning”
- Time standards
- No means for counting time
- Inability to link court & jail data

# Process Issues

- Local practice for managing dockets
- Timeliness of information transmission
  - Discovery
  - Law enforcement reports
  - PSIs/risk assessment
- Indigency assessment & assignment of counsel

# Resource Issues

- Trial team composition—availability of attorneys
- Availability of treatment beds
- Secure transportation of defendants/inmates

# System Issues

- Legislative/policy changes
- External system delays
  - Crime labs
  - Competency evaluations
- Transfers to correctional facilities
