Crisis Response

CALL 911

When your family is experiencing an emergency that puts yourself, your loved one, and/or the public in immediate danger, call 911.

While speaking to the 911 dispatcher use the **911 Checklist** to provide helpful information to the responding Officers.

LAPD will send a patrol unit to stabilize the crisis and detain the loved one for a mental health evaluation. During the detention officers will handcuff the loved one for everyone's safety and because it is LAPD's policy.

"Statistics show that when officers handcuff a person who is in crisis, the application of force by officers is significantly reduced."

When the scene is stabilized, a Systemwide Mental Assessment Response Team (SMART) unit will respond, if available, to provide mental health assistance.

CALL (800)950-6264

www.namilacc.org

211 is a service that can link you to countywide programs. When struggling to find answers for a family member that may be suffering from mental illness, this toll-free phone number is a great place to start.

When you call, expect to follow a few automated prompts before you speak to a person.

What is a 5150 Hold?

During a mental health crisis, officers/clinicians will detain the subject to determine if he/she meets the criteria for a 5150 WIC application for a 72-hour hold. Subjects will be assessed for the danger they pose to themselves, danger they pose to others, and for grave disability. The officer's determination will be based on physical evidence, the subject's history, the subject's statements, and reliable witness statements.
