INCIDENTS INVOLVING PERSONS SUSPECTED OF SUFFERING FROM A MENTAL ILLNESS

The purpose of this Field Notebook Divider is to summarize general guidelines when dealing with a person suspected of suffering from a mental illness.

5150 Welfare and Institutions Code

An Application for a 72-hour Detention for Evaluation and Treatment Form may be initiated when an officer conducts an assessment of a person believed to be suffering from a mental illness and the officer concludes there is **probable cause to believe** any or all of the following conditions exist:

1. **DANGER TO SELF: Due to a mental disorder**, a person has threatened, attempted, or does physical harm to themselves, or has engaged in behavior, which deliberately or otherwise, has a likely consequence to cause harm to themselves.
2. **DANGER TO OTHERS: Due to a mental disorder**, a person has threatened, attempted, or does harm to others, or has engaged in behavior, which deliberately or otherwise, has a likely consequence to harm others.
3. **GRAVELY DISABLED: Due to a mental disorder**, the person is unable to appropriately provide basic personal needs such as food, clothing, or shelter. This inability *must* be due to a mental disorder and not merely a lifestyle or personal choice.

Note: Section 5585 Welfare and Institutions Code (WIC) is used for juveniles.

Conducting an Assessment

In order to determine if a person meets the criteria for an application for an evaluation pursuant to 5150 or 5585 WIC, officers should conduct an assessment of the individual. Questions should be clear, concise, and asked in a calm, non-threatening manner. Officers should take into consideration medications, or lack thereof, when conducting an assessment.

5150.05 Welfare and Institutions Code Available and Relevant Information

When determining if probable cause exists to take a person into custody pursuant to 5150 or 5585 WIC, officers *shall* consider available relevant information from any mental health provider, or other credible person, including family members or witnesses. The subject's prior mental health history may be taken into consideration, however, it solely would not merit a subsequent involuntary psychiatric hospitalization.

When conducting an assessment of a person suspected of suffering from a mental illness, officers should ask any relevant questions to determine if an application for an evaluation should be initiated. The following suggested questions are provided as a guideline:

| <input type="checkbox"/> How are you feeling today? | <input type="checkbox"/> How do you care for yourself? (i.e., as lodging, income, work) |

| <input type="checkbox"/> Do you want to hurt or kill yourself or someone else? | <input type="checkbox"/> How is your sleep? How many hours do you sleep? |

Notifications

When the only reason for detention is the person's suspected mental illness, *the MEU **SHALL** be contacted **PRIOR** to transporting an apparently mentally ill person to any health facility or hospital. **Exception:** In those situations where the subject is injured and requires immediate medical treatment, the MEU *shall* be contacted after the subject is transported to an appropriate medical facility.*

When an officer receives information that a welfare check is being requested for a person suspected of suffering from a mental illness, the officer, when reasonable, shall conduct a search of the Department of Justice (DOJ), Automated Firearms System (AFS), via the California Law Enforcement Telecommunications System (CLETS), to determine whether the person is a registered owner of a firearm, per Penal Code Section 11106.4.

Officers who receive information from a mental health professional regarding a potential threat to any person (Tarasoff Notification) *shall* immediately notify *the* MEU.

Hospital or Psychiatric Facility Patients

When an Los Angeles Fire Department Rescue Ambulance unit has transported a person to a medical facility for medical reasons due to a suicide attempt, officers are required to respond to the hospital and conduct an investigation. Officers are not required to remain with the subject until the subject is medically cleared. Officers may be advised by the MEU to complete an application for an evaluation.

If a mentally ill person is a patient at any hospital, or secure facility, officers should not remove the subject from that facility. It is the facility staff's responsibility to arrange for the proper security and care for any patient in their facility. Officers may contact the MEU for advice.

"Deadly weapon," as used in this section is described in Section 8100 WIC. *A Receipt and Notice of Rights for Confiscated Firearms/Other Deadly Weapons, Form 10.10.05, must be issued for any weapons confiscated. Officers must telephonically notify the MEU of the seizure of firearms and be guided by the advice of the investigator on duty (Manual Section 4/260.25).
