

BROWARD SHERIFF'S OFFICE

Offender Management Dashboard

Dashboard Phases and Goals

The Broward Sheriff's Office is working to enhance their **Offender Management Dashboard** by integrating the jail and court data to assist the judges, public defenders, prosecutors, and the clerk of courts in identifying and addressing delays within their criminal case processing.

Phase I: Jail Management Data

- Automate jail data
- Ensure data integrity
- Enhance user access
- Share with other CJS partners
- Provide efficient reporting
- Use data to identify jail population reduction opportunities
- Target resources to reduce the jail population

In addition to
Phase I goals

Phase II: Clerk of Court's Data

- Integrate jail and court data
- Identify key criminal case processing stages for measurement
- Develop metrics to determine case processing efficiencies/inefficiencies
- Target resources to reduce average length of stay and reduce the jail population
- Fund initiatives which support case processing efficiencies

Phase I: Developed 24 unique ad-hoc reports with data analysis capabilities including adding, modifying, filtering, sorting and drill-down to record details

Phase II: Develop an additional 6 reports integrating jail and court data

Bookings vs. Releases

What can the current data tell us?

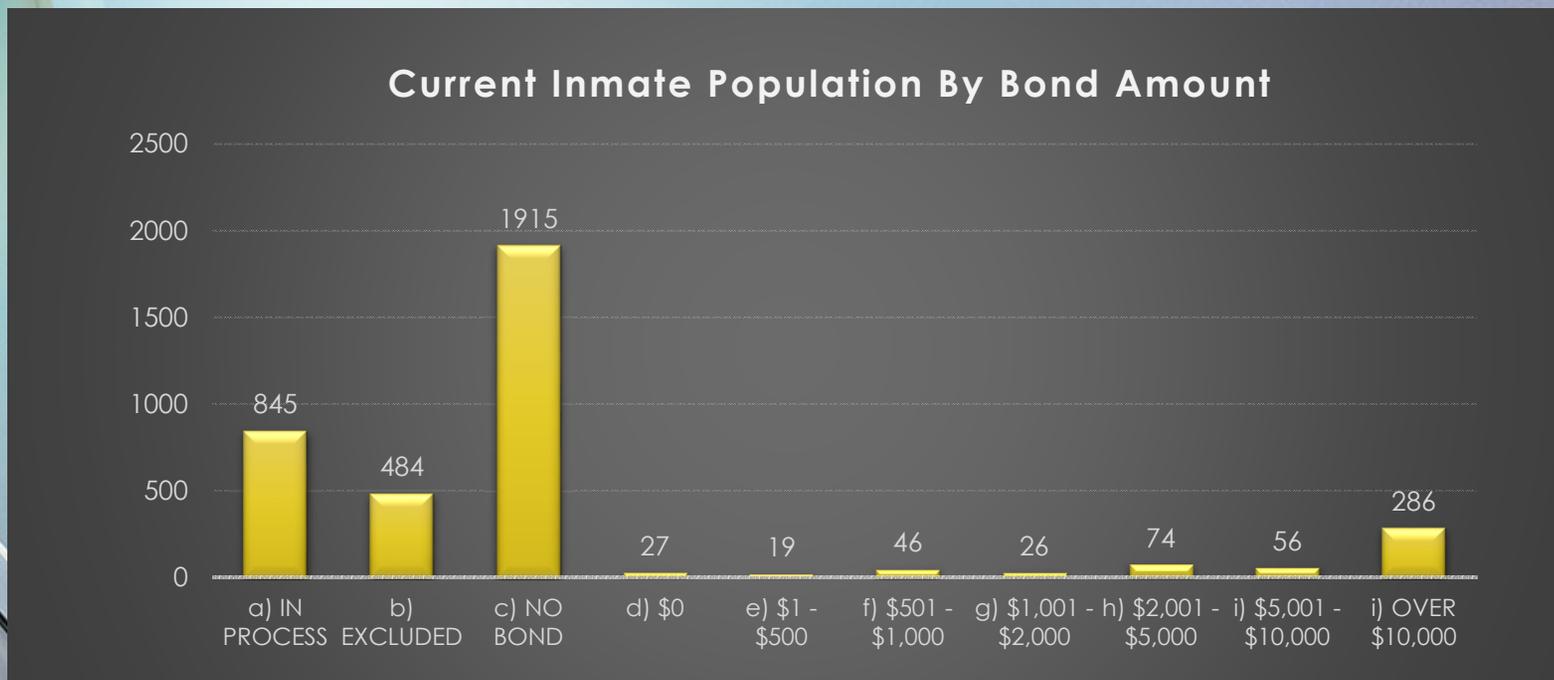

It can help us identify patterns or trends which impact the jail population

Average Length of Stay

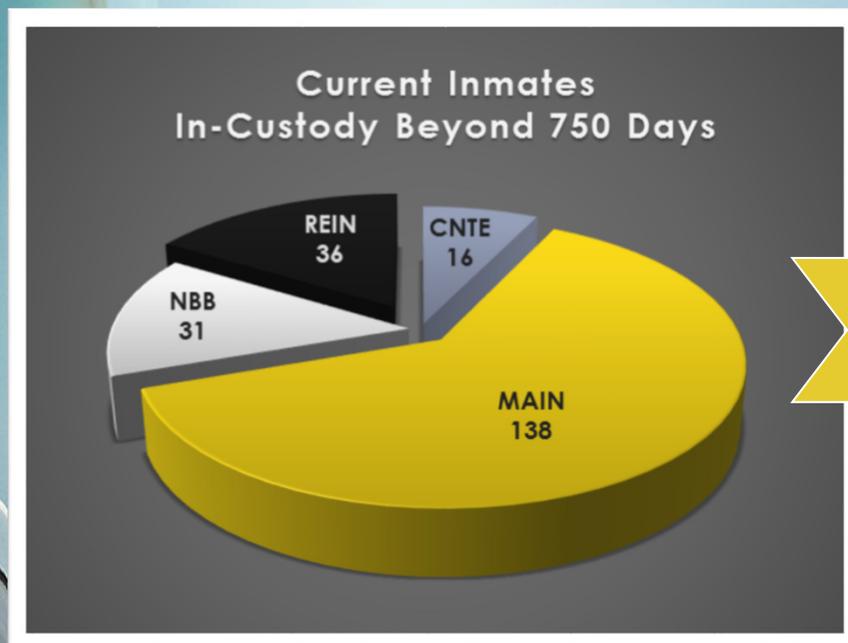

What can the current data tell us?

The majority of current offenders are being held on a **no-bond** status

What can the current data tell us?

It can help us identify un-sentenced inmates in-custody beyond 750 days

And now drill-down reports enable us to identify who those subjects are

What can the current data tell us?

Data analysis capabilities enable us to see the demographic make-up of the offender population

For the above un-sentenced felony offenders: 64% are Black, 31% are for White, 5% are Hispanic, >1% are other

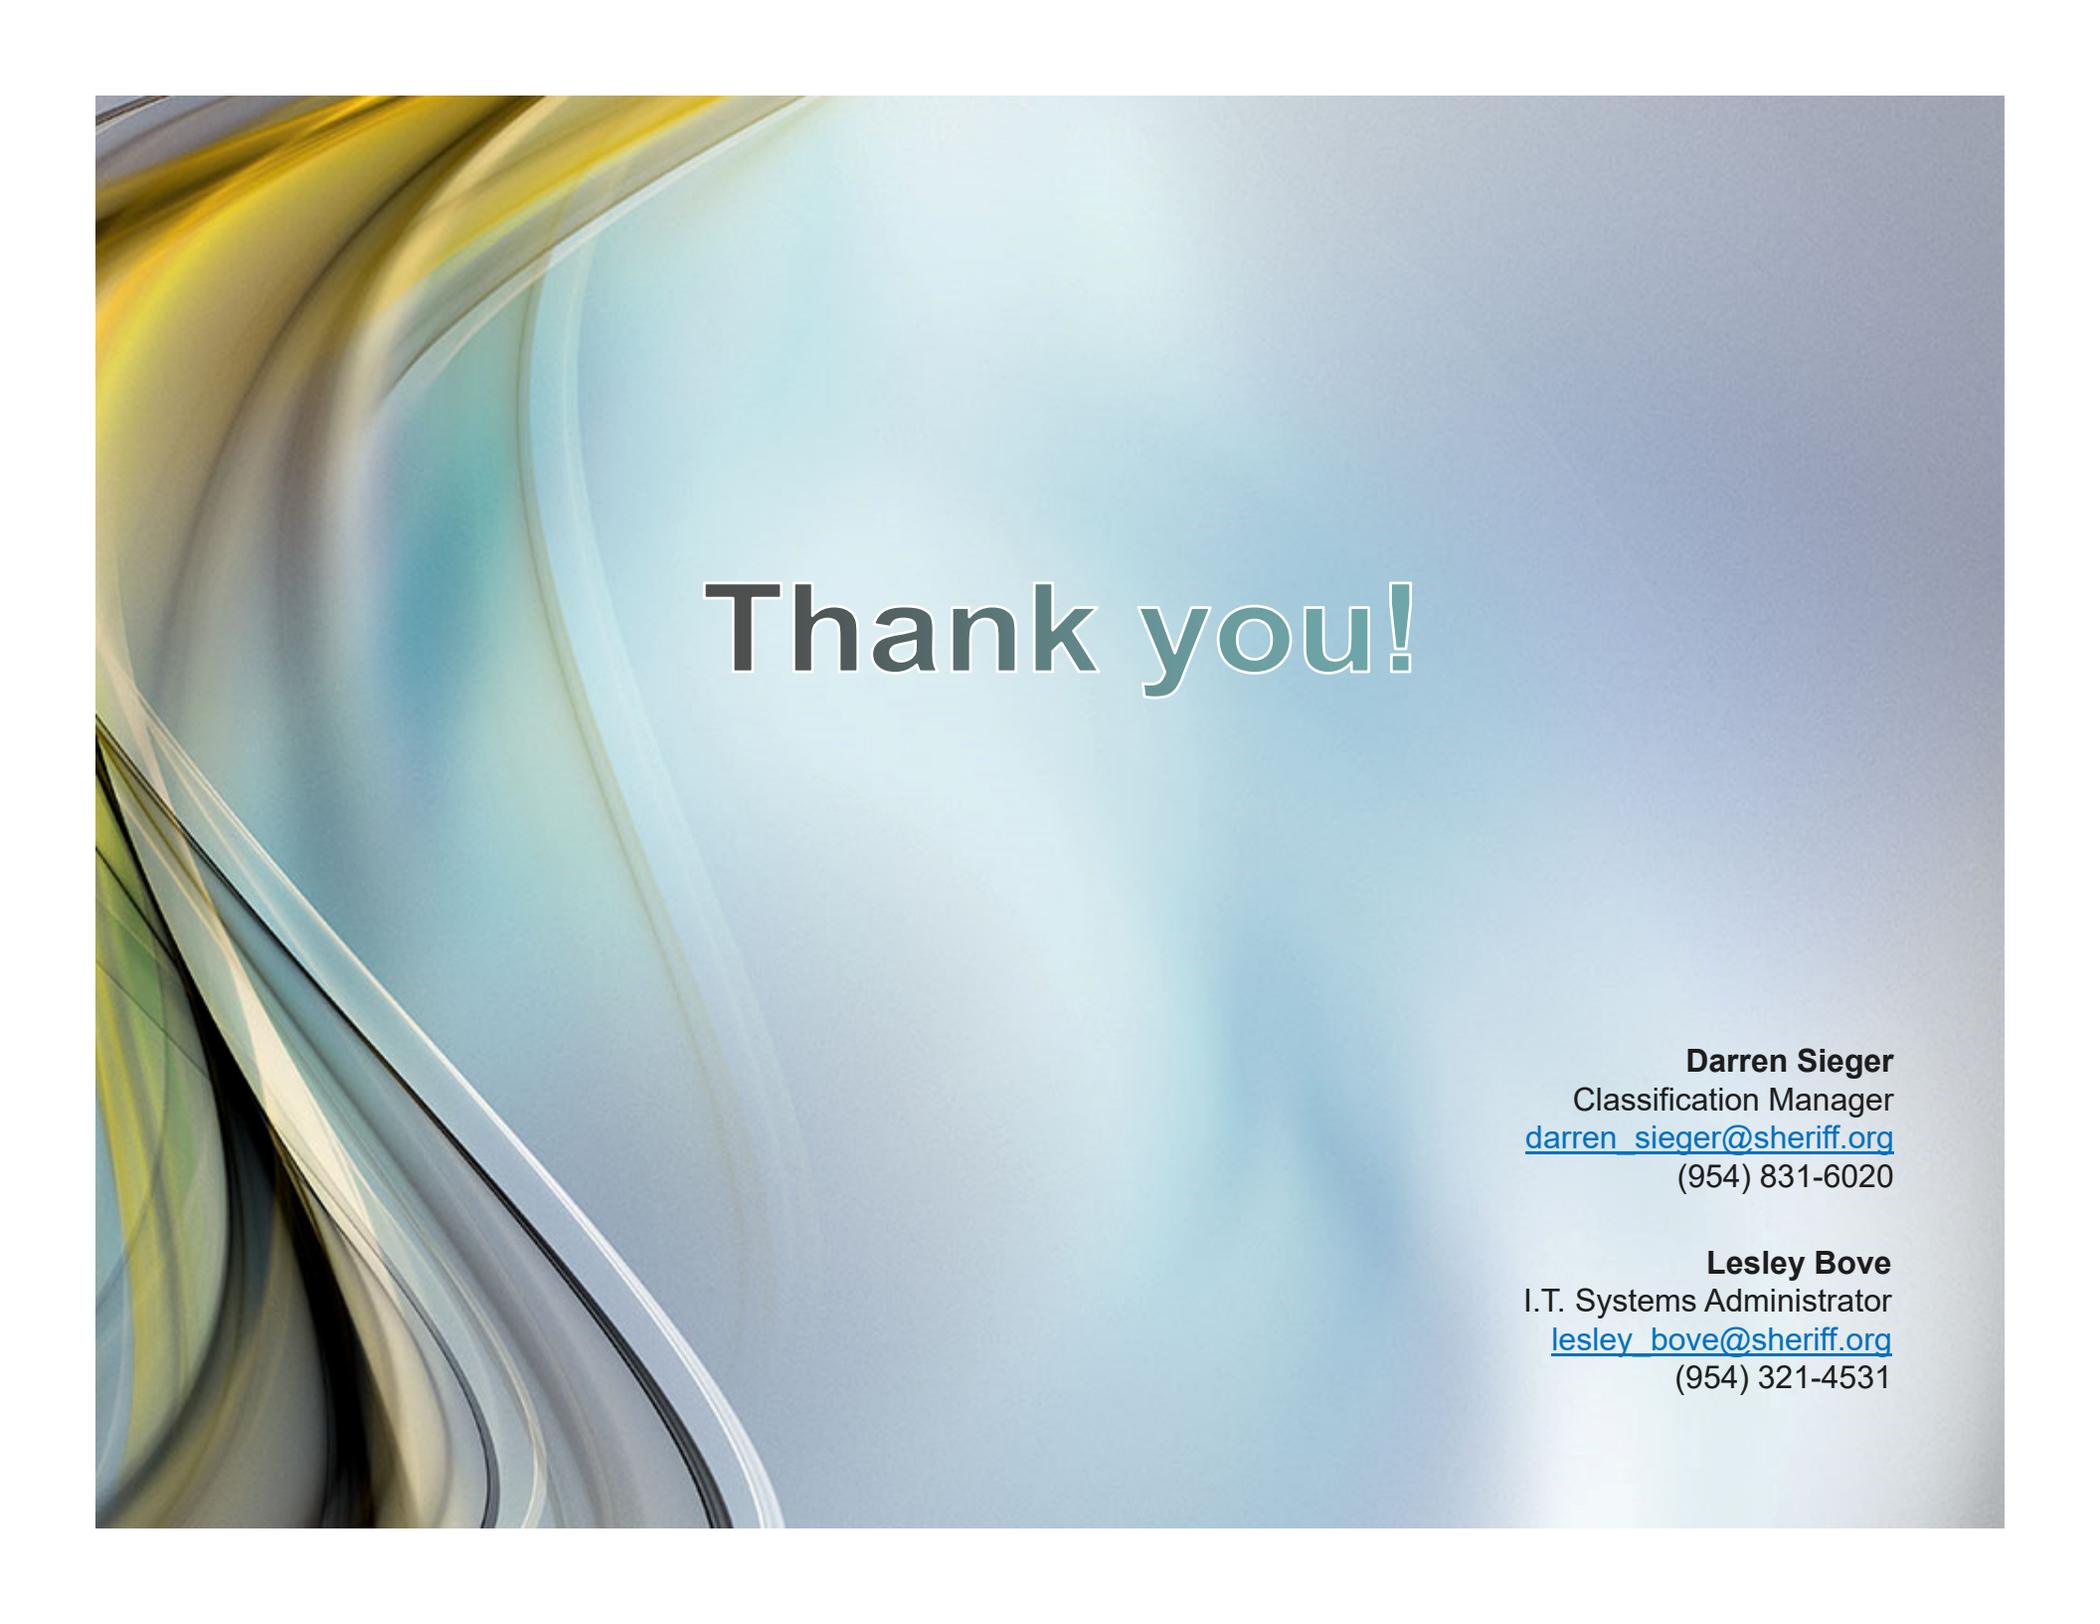

**BROWARD COUNTY SHERIFF'S OFFICE
LOGIC MODEL FOR OFFENDER MANAGEMENT DASHBOARD (PHASE II)**

OBJECTIVE: The Broward Sheriff's Office is working to enhance their Offender Management Dashboard which will be used to identify and address criminal case processing delays and reduce the length of stay for individuals in the jail. To achieve this, the sheriff's office will be integrating the jail and court data to assist the judges, public defenders, prosecutors, and clerk of courts to improve their case processing times.
